

What is Nurture?

Nurture groups assess learning and social and emotional needs and give the necessary help to remove the barriers to learning. There is great emphasis on language development and communication. Nothing is taken for granted and everything is explained, supported by role modelling, demonstration and the use of gesture as appropriate.

Parents

It is vital that home, school and the nurture group work together to achieve the best for every child.

In Nurture we value the thoughts and views of parents, particularly if they notice any changes in their child during their time in nurture.

We invite parents in twice a year so that their child can share the nurture environment with them and show them the exciting activities that we do with them.

Parents are encouraged to share their skills, such as gardening with the children so please let us know if you could assist us with this.
